**Farmingville, NY** - On November 15, Supervisor Ed Romaine (right) and members of the Patchogue-Medford High School Robotics FIRST Team 329, hosted an E-Waste Drive and Residential Paper Shredding event in Medford. The event, which took place at the high school, allowed residents to safely dispose of unused electronic devices for recycling and have their old paper documents securely shredded and recycled.

"The Town's e-waste and paper shredding events have grown to be more popular year after year," said Supervisor Romaine. "Thanks to the Pat-Med Robotics Team for co-hosting this event and to the residents who came out to participate. By recycling, we are doing our part to protect the environment and make Brookhaven a cleaner, greener place to live."

For more information about e-waste, paper and single stream recycling in the Town of Brookhaven, call 451-TOWN (8696) or visit [www.brookhaven.org](http://www.brookhaven.org).
